

Dear Clients and Visitors,

Welcome to Houston Wealth Management and thank you for visiting our website.

When I founded Houston Wealth Management my intention was simply to create a financial planning and investment management firm with the transparency, professionalism, integrity and loyalty to clients that so many expect but is almost impossible to find. Unlike the sales organizations of banks, brokerages, insurance agencies and trust companies, we do not lead with products and convince clients “what they need”. We are an advisor and partner to our clients first and foremost, and in turn accept the fiduciary responsibility that comes with that commitment.

We appreciate the trust our clients have placed in our firm to help manage their financial lives. We appreciate that our commitment to our clients is often returned back to us. They value our unbiased advice specifically tailored to their unique goals and needs. This approach to financial planning and investment management gives our clients the best opportunity to be financially successful, and pass on their legacy to future generations as they wish. We will continue to grow and improve our services to meet our client's high expectations.

Please take some time to explore *our story* on this website and feel free to ask any questions. We look forward to hearing about *your story*, and exploring how Houston Wealth Management can help.

Sincerely,

Craig A. Parks CFP®
